

# Clinic 600

## Ceramic Wall Basin

Basin Size: 600mm x 455mm (nominal)

The Clinic 600 basin is an integral trap basin that conceals fittings and features an anti-splash rim. The basin is designed for infection control with easy to clean surfaces. The basin also has a slight gradient on the tap landing to allow effective water run off and a vandal resistant grate. Ideal for wall mounted tapware. This basin is suitable for domestic, commercial and accessible applications complying to AS 1428.1-2009 Amd. 1.\*

- Tap Holes:** Basin available in: no tapholes Code No.632700, one taphole – centre option Code No.632710 and three taphole option Code No.632730.
- Waste Outlet:** Integral 'P' trap. Rubber keeseals are included to fit 40mm PVC and copper outlet pipe.
- Bowl Capacity:** 15 litres.
- Overflow:** Overflow not available.
- Fixing:** **Clinic Basin Fixing Kit** – Supplied. Concealed bracket bolts directly to the finished wall. (For non structural wall ensure suitable support is behind the wall)
- Colours:** White only.
- Dimensions:** All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
